PDU ASSEMBLY (PRE-2024 MODELS)

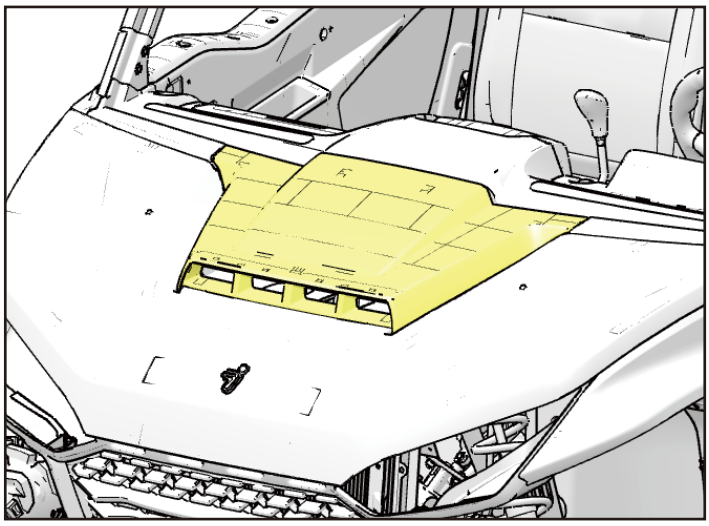

PDU Assembly — Assembly Drawing

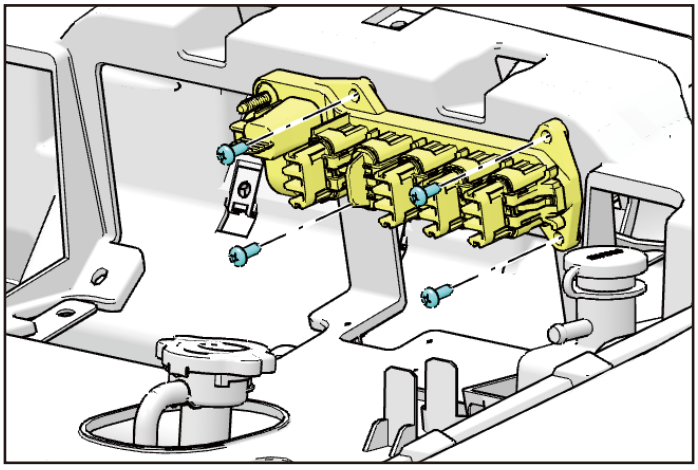

NO.	PART NAME	PART NUMBER	QUANTITY	REMARKS
1	PDU	U09-M904600-000-00	1	SSV
2	Phillips pan head tapping screw ST4.8x16	GBT000845014	4	
3	PDU Adapter Harness	U09-M110003-000-00	1	SSV/UTV

INSTALLING THE PDU ASSEMBLY

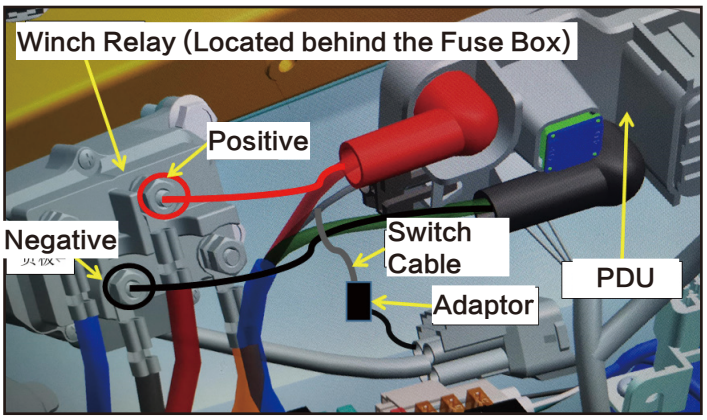

1. Remove the electrical service cover. This is a quick−release component.

2. Install the PDU assembly into the corresponding mounting position below the electrical service cover.

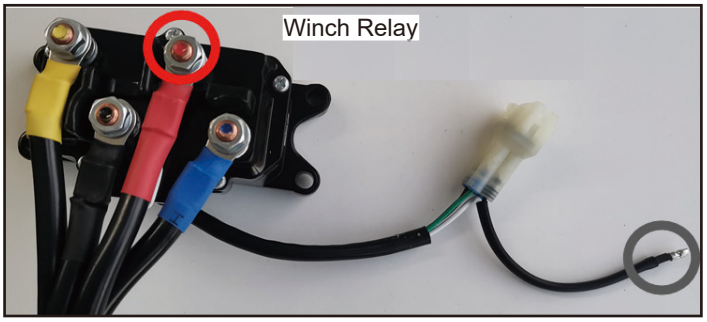

3. Connect both ends of the PDU adapter harness to their respective positions, as shown in the illustration below.

TIPS

Tap power from the original winch relay and route it to the power distribution unit using three wires. Refer to the wiring diagram below: red, black, and grey.

4. Secure the winch switch socket with bolts and refit the electrical service cover.
